Indoor and outdoor facilities for meetings and events of up to 250 guests including break-out rooms and boardroom

**Leisure:**

Cozumel rests on top of age-old structures of the Mayan coral reef, the second largest in the world. Amongst many attractions Cozumel features incredible weather, ancient Mayan ruins, exotic jungles, and legendary sunsets.

Cozumel boasts some of the best natural environments just steps away from the resort.

Due to its proximity to the National Marine Park, Chankanaab offers the only inland coral reef formation in the world. The park is home to the world-renowned ecosystem and natural aquarium, the lagoon, with more than 60 species of tropical fish, crustaceans and corals as well as a botanical garden, home of the most diverse species of tropical plants and exotic birds.

Our tour leads us to the south of the Island, at Punta Sur, an ecological park and nature reserve, a breathtaking environment of mangrove jungles, white sand beaches and reef formations. The park harbors a varied wildlife, including crocodiles, birds, iguanas, and giant turtles. Among the park's most interesting structures is an old lighthouse, a navigation museum and El Caracol, a well-preserved ancient structure used by the Mayas to signal approaching boats of the presence of Coral reefs.

Driving onwards through the solitary tropical rainforest, we reach the east coast, where during some periods at nightfall it is possible to live one of the most marvelous occurrences of Nature: the giant turtles coming to shore to lay their eggs. The day is over, and we are ready to return to the Resort, accompanied by the sound of the waves crashing into the marine rocks, and get ready for our next tour, the history of Cozumel and Mayan culture.

Golf aficionados can enjoy world-class golf at the Cozumel Country Club, one of the most spectacular golf courses in the Caribbean. The 18-hole course was designed by the Nicklaus Design Group, influenced by the Mayan jungle. The golf course is a masterpiece that makes its way through the jungle and around the native mangroves to offer a challenging experience for the serious golfer, while allowing an enjoyable round for the intermediate and beginners. Our guest enjoy preferential rates.

World-renowned upscale duty-free shopping and arts and craft shopping are available just 10 minutes from the resort.
