What better way is there to celebrate your love for each other than with all the finest, special touches only to be found at Presidente InterContinental Cozumel Resort & Spa. Elegant, luxurious, exhilarating, intimate and exceptionally romantic, there is no doubt that you will find all the romance that you are looking for.

For couples who dare to try something different we offer the Mayan Ceremony. This exclusive ceremony is led by a Mayan shaman. The service follows the actual traditions used by the Mayans in this region.

The Mayan Shaman prays, asking the Great God and the directions of the Universe to bless the union so that the two souls will be connected forever.

An altar is made with flowers at four points with offerings to the earth.

The offers represent the four cardinal points (north, south, east and west) and the four gods that sustain the Mayan cosmology. The central flame is dedicated to the Mother Earth.
